

Holography:

from high-energy physics to quantum information

Steklov Mathematical Institute of Russian Academy of Sciences, Moscow

Program: March 23 - April 30, 2020
Workshop: New Frontiers in Holography
April 20 - 24, 2020

Topics:

Holographic quantum chromodynamics and heavy ions collisions

Entanglement, chaos and many-body phenomena

Black holes and quantum information

Organizers

Irina Aref'eva (chair)
Dmitry Ageev (secretary)
Anatoly Dymarsky
Mikhail Khramtsov

E-mail: holhepqi@mi-ras.ru
