Message from Louis Nirenberg

I am writing to send my warm greetings to the 8th International Conference on Differential and Functional Differential Equations, 2017. I regret that I am unable to participate. I have very fond memories of one I attended a few years ago, and wish I could attend the one in August. My best wishes for the success of the conference, of which I am sure, and greetings to many friends and colleagues.

Yours, Louis Nirenberg

Message from Yakov Sinai

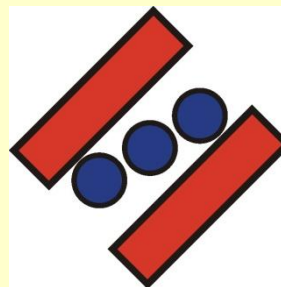

Dear friends, due to medical reasons I cannot participate in the Conference. DFDE conferences are perfectly organized by Professor Skubachevskii. They always attract interesting and inspiring lectures. I wish new outstanding results for all participants.

Best regards, academician
Yakov Sinai.
